

**IN-PERSON LICENCE ISSUANCE AND INFORMATION**

*Manitoba's Hunting Guide 2020* is available now online and through the e-licensing portal, and hunters are encouraged to use these enhanced services, especially at this time. It can be found at [www.gov.mb.ca/sd/pubs/fish\\_wildlife/huntingguide.pdf](http://www.gov.mb.ca/sd/pubs/fish_wildlife/huntingguide.pdf). For those who require a hard copy of the hunting guide, these will become available at Manitoba Conservation and Climate offices and select vendors that sell hunting licences beginning in August, subject to printing distribution disruptions during the COVID-19 pandemic. Manitoba Conservation and Climate offices are now open to provide alternative in-person services, when required, in a safe environment.
